

Bright Wash

Technical Bulletin

Page 1 of 1

Issue Date: Dec 2006

Description and Use

Bright Wash is a highly concentrated machine dishwashing detergent.

Features and Benefits

Bright Wash is a highly concentrated product, each 5 litre bottle lasts as long as 15 litres of many conventional products, but is much easier to handle.

Bright Wash is fitted with the Dominant Protekta Cap system, preventing contact with the chemicals when changing drums.

Bright Wash contains high levels of descaling compounds to prevent scale forming in the dishwasher.

How to Use

Bright Wash is automatically dispensed at the correct dose through the Bright Star Feeder System. Your Dominant Technical Representative will install and monitor the system to ensure perfect results every wash.

To change bottles unscrew the yellow pickup connector from the empty bottle, remove the yellow cap from the new bottle and screw on pickup connector.

Technical Data

Bright Wash is a highly concentrated blend of sequestrants, alkaline builders, scale and corrosion inhibitors in liquid form.

It has a pH of 13.2 in the neat form.
