

# Cafe SA12

## Technical Bulletin

Page 1 of 1

Version No.: 002

### Description and Use

Cafe SA12 is a clear, moderately thick orange liquid with no perfume. It is an economical, yet effective detergent designed for hand washing of pots, pans and dishes and light duty cleaning of all washable surfaces.

### Approvals & Registrations

This product is approved for use in food contact areas. For more detail, please refer to the Food Declaration.

### Features and Benefits

Cafe SA12 is an unperfumed detergent. This means it cannot taint foodstuffs with fragrance.

It is an economical product making it ideal in areas where staff may over use products. Cafe SA12 is suitable for use in all food preparation areas.

### How to Use

For manual dishwashing use Cafe SA12 at a dilution of 5-10 mL in a domestic sink.

In a commercial sink use 25-50 mL per 50 litres capacity.

For general cleaning use at a rate of 2 mL/litre.

If using through a dispensing bottle, do not dilute with water before adding to the bottle as this will dilute the preservative.

### Technical Data

Cafe SA12 is a neutral pH detergent for manual dishwashing. The detergents in Cafe SA12 are classified as biodegradable.
