

# Golden Harvest Technical Bulletin

Page 1 of 1

Issue Date: October 2013

## Description and Use

---

Golden Harvest is a premium grade conditioning shampoo and body wash.

Golden Harvest can be used in hotels, motels, sports centres, offices, nursing homes or hospitals. In fact anywhere people wash their hands, body or hair.

## Features and Benefits

---

The main cleanser in Golden Harvest is sodium cocoamphoacetate; this is very mild and is frequently used in baby shampoos and washes.

Golden Harvest contains 4 ingredients designed to protect the hair and skin. Provitamin B5 moisturises the skin and leads to enhanced shine on the hair. Almond Oil emollients protect the skin barrier and maintain softness of the skin and hair. A guar gum derivative makes combing of the hair easier and improves skin feel, and a wheat protein moisturises the skin and hair.

The pH of Golden Harvest is 5.5. This maintains the natural pH balance of the skin and hair, unlike soap based products that can have a pH in the range 9 – 10.

Golden Harvest is available in the Dominant Star System containers. These sealed units prevent risk of cross contamination, and are economical as only 1.5ml is dispensed with each pump.

## How to Use

---

Either use through a refillable dispenser or simply insert a new unit into the Star System dispenser.

Refillable dispensers should be washed and dried before refilling for maximum hygiene.

As a hand cleanser, wet hands, apply to hands, lather, then rinse with water and dry. As a body cleanser, apply to a sponge, lather and rinse.

For use as a hair shampoo, pour or pump about 5ml into the hands and work up to lather in the wet hair. Rinse off with water.

## Technical Data

---

Golden Harvest is based on a blend of naturally derived cleansers derived from coconut oil.

It has a pH of 5.5 to maintain the natural pH balance of the skin.

The cleansers in Golden Harvest are all classified as readily biodegradable.

## Pack Sizes

---

2 x 5L Bottle	Code: 17203
Star System Carton (4x750ml)	Code: 15319

## Dominant Colour Code

---

## Hazard Information

---
