

Description and Use

Herbege is a clear blue liquid with a strong herbal lavender fragrance. It is a deodorant cleaner suitable for all washable surfaces.

Features and Benefits

Herbege is a moderately alkaline liquid containing high levels of water softening agents and detergents. This gives Herbege excellent cleaning ability.

Herbege contains a powerful herbal lavender based fragrance giving the product excellent deodorising properties.

How to Use

In a bucket use at dilutions from 1:40 ($\frac{1}{2}$ cup in 5 litres water) for heavy soiling, to 1:80 ($\frac{1}{4}$ cup in 5 litres water) for general cleaning.

In a trigger spray use at a dilution of 1:10. To achieve this dilution fill the trigger spray bottle to the bottom ridge line with Herbege then top up with water. Adjust trigger spray to a coarse setting to avoid misting product.

Technical Data

Herbege contains a blend of biodegradable detergents, water softeners and alkaline builders plus a high level of fragrance. It has a pH of 11.0 in the neat form.
