

# Shanty Wash Technical Bulletin

Page 1 of 1

Issue Date: May 2008

## Description and Use

---

Shanty Wash is an economy laundry powder suitable for use in front and top loading washing machines. It is a white powder with a lemon fragrance. Shanty Wash gives best results in soft water.

## Features and Benefits

---

Shanty Wash is an economy powder giving a low cost wash. Ideal if staff don't measure out properly and waste product.

Shanty Wash does not contain any bleach so may be used with a chlorine or oxygen bleach.

## How to Use

---

Use from 1/3 to 1/2 cup in a small top loader to 1 cup in a large one. In a front loader use 1/4 cup per 5kg capacity. Add extra for heavily soiled linen or hard water.

Do NOT use on wool or silk.

If additional bleaching is required an oxygen bleach such as Dominish may be used, or a chlorine bleach such as Shor Bleach.

## Technical Data

---

Shanty Wash contains a blend of alkaline builders and water softeners. It also contains a blend of biodegradable detergents.

pH at 1% = 11.3
