

Description and Use

DX12 is a concentrated deodorant/cleaner containing a high level of pine oil for long lasting effect.

Features and Benefits

DX12 contains a high level of pine oil. This gives a long lasting fresh deodorant effect ideal for areas such as public toilets.

DX12 is highly concentrated and can be used at dilutions as high as 1:160. This makes it a very economical product to use.

How to Use

Use DX12 for washing all surfaces in toilet and bathroom areas. Use at dilutions from 1/8 to ¼ cup per bucket (1:160 to 1:80).

DX12 can also be used for cleaning and deodorising bins and other items where bad odour is a problem.

Technical Details

DX12 is a concentrated gel containing biodegradable soaps and detergent plus pine oil. In the neat form the pH is 11.5 which is alkaline.

Safety

Wear gloves if using manually.

Hazard Information

Classified as hazardous according to Worksafe Australia criteria.

Poisons Schedule: Not classified
 Dangerous Goods: Not classified

Packaging

DX12 is available in 25 and 200 litre drums.
