

# Citrus Blossom Sanifoam

## Technical Bulletin

### Product Description

---

Sanifoam is an instant hand sanitiser with Citrus Fragrance. The main area of use is in food preparation areas, food retail establishments, meat works, boning rooms, catering companies etc.

Sanifoam can also be used in a the foyer of companies to allow visitors to sanitise their hands before entering.

It is ideal for sanitising the hands after changing nappies in child care centres.

Sanifoam can also be used on commercial fishing boats.

In laundries use Sanifoam to disinfect the hands after handling soiled linen before clean linen is handled.

This has excellent sanitising properties and evaporates off when spread over the hands for quick drying without any towels.

It contains silicones and emollients to prevent the skin from drying if used on a frequent basis.

### Applications

---

#### How to Use

Dispense onto hand and spread the foam all over the hands. Wave hands to reduce drying time if required.

### Technical Data

---

Sanifoam is an aqueous liquid containing 40%v/v ethanol. It contains emollients to condition the skin.

Sanifoam has been independently tested at Silliker Microtech and proven to kill the following micro-organisms:

- Enterococcus hirae
- Staphylococcus aureus
- Escherichia coli

- Pseudomonas aeruginosa

Copies of the report are available on request.
